SEAVER TAKEN BY OFFICERS

Is Charged with Causing a Death at Norman.

IS ARRESTED AT TOPEKA

Patient Became Unruly and Trouble Followed.

Guthrie, O. T., Oct. M.-Officers today arrested James W. Scaver, a former emplaye of the Oklahoma Saniterium company, at Norman, who is charged with being responsible for the death of Frank Elgin, of Noble county, an intimate of that institution. Scaver was apprehended in Topeka, Kan, and officers there arhave been telegraphed to hold him pending arrival of Oklahoma officials. Scaver, who had only been in the employ of the Sanitarium company for three weeks, had charge of the ward in which Eight was an inmate. On the evening of October 5th, Scaver ordered Elsin to go to the bath room, and the patient re fused to do so. He became unruly and Shaver is alleged to have struck him on get him to the bath room. A short time after this happened, Seaver reported the matter to Dr. D. W. POND CREEK'S COSTLY FIRE

Breaks Out in Barber Shop and Spreads.

FIRE DEPARTMENT ABLE

Nearly \$5,000.

Pond Creek, O. T., Oct. 14 - Monday night about 19:65, fire was discovered in John Bach's barber shop, says the Vi-

Almost before the alarm was well sounded a host cart was on the scene and in a very short time a stream of water was playing on the flames which had gained such a headway that it at first looked as though the adjoining buildings occupied by Tom Peacock and eGo. Marquis would surely be destroyed. Soon another cart reached the rear end of the building and with the aid of the book and ladder and the thw streams of water the fire was soon under control and in a very few minutes completely extin-

How the fire originated is a mystery the head of a family at the time of making the entry. The commissioner uphoids near the center of the barber shop where Mr. Beach kept his towels and in which nothing combustible was kept. Mr. eBach had locked up the shop only a short time before and had put up the front curtain. Parties who were at the scene of the fire flust say that the curtain was pulled ear down and that the door was unlocked. However, nothing definite is known and it is hardly thought probable that it was the work of firebugs.

Everything was a total loss except ew shaving mugs which were only slighty damaged.

The alarm was turned in by Dick Metzger, the night watch, who, while passing building saw smoke pouring out of the transom above the door. The roof of Marquis's Jewelry store

caught but was quickly extinguished with but a small loss. Tom Pencock's stock of confectionary goods was badly damaged by water and total loss.

It is safe to say that the waterworks payed for itself twofold in this instance for with the headway which the fire had when discovered practically nothing could have been done with buckets, and several of Pond Creek's leading business houses would haveb een in ruins.

After the hose carts had been put up and it was thought that the fire was all out a second alarm was turned in but ney disease and catarrh are seldom aswith several buckets of water a small blaze in the top of the wrecked barber shop was extinguished.
